

The webinar on 'Environment amid Covid-19: Dynamics and Solutions' was organized by STE on June 6, 2020, on the occasion of World Environment Day. Eminent scientists and professors namely, **Dr. S.K. Goyal**, Chief Scientist & Head, NEERI; **Dr. Susan Titus**, Scientist 'G', NMRL (DRDO); **Prof. Md. Hussain**, Professor, Department of Biotechnology, Jamia Milia Islamia University and **Dr. Sandhya Kaushik**, JESS Faculty delivered interesting and informative talks on topics pertinent to the ongoing Covid-19 pandemic and its repercussions on environment and human health. The webinar witnessed a generous gathering of delegates from various fields, who interacted fervently in the Q&A sessions. We are thankful to all our speakers, delegates and the entire STE family for making the virtual meeting a success. Looking forward to more such events.
